Pell Lifetime Eligibility Usage (LEU):

Effective July 1, 2012 the Department of Education has established legislative changes, which have placed a limit to the amount of Federal Pell Grants that a student may receive. It is equivalent to six years of fulltime study. It is referred to as a Pell LEU (Lifetime Eligibility Usage) **NOTE:** Please note the Pell LEU is measured for a lifetime of enrollment and any year or any school that a student has attended for which they received Federal Pell Grants counts towards the six-year limit.

Direct Loan 150% Rule (SULA):

Effective July 1, 2013 first time Direct Loan borrowers (first time borrowers are students with no outstanding federal student loan debt as of July 1, 2103) are limited in the amount of time they can receive a Direct Subsidized Student Loan. Borrowers may receive Direct Subsidized Loans for NO MORE THAN 150% of the Length of the student's current academic program (example 3 years for a 2-year program). Students in a less than one year in length program are subject to loan proration (example Phlebotomy). Once a student has reached the 150% time limit, they will not be eligible for any further subsidized loans. **NOTE:** If a student has reached 150% time limit, or enrolls in a program of shorter length, and they continue to enroll, they will lose the future interest subsidy on the subsidized loans they have borrowed in the past.

Students who have reached the 150% time limit will remain eligible for Direct Unsubsidized Loans. The SULA (Subsidized Usage Limit Applies) will be monitored closely by the Department of Education and the BTC financial Aid Office.

Graduation During the Year Loan Proration:

The Department of Education requires schools to monitor your academic status and graduation date. Schools must pro-rate the amount of student loan(s) for your remaining period of study if it is less than an academic year in length.

If your status changes from what you indicated it would be when you applied for aid, you must notify us as soon as possible in writing.
