Online Databases

Access Science

- Includes authoritative reference articles, comprehensive scientist biographies, late-breaking science and technology developments, and links to recommended best sites on the Internet for further study.
- Also in BTC library's reference collection as McGraw-Hill online Encyclopedia of Science & Technology
- Access at the library's home page by clicking on "Online Research Materials"
- [Access Science](#)

BadgerLink

- Includes a broad range of information sources, especially periodical indexes, WISCAT (the statewide library catalog) and WorldCat (a worldwide catalog), and other reference resources
- Can be accessed through the library's home web page; just click on the "Online Reference Materials" link.
- Wisconsin residents can link directly at: <http://www.badgerlink.net>.

Career and Technical Education

- Emphasis on trade journals
- Open library's home page; then click on "Article Search."
- Subjects include electronic and computer technology.
- Full text articles for more than 500 titles, including: *Electric Perspectives*, *Electrical Apparatus*, *Electrical Marketing*, *Electrical Wholesaling*, *Electromagnetic News Report*, *Electronic Design*, *Electronic Engineering Times*, *Electronics Business Journal* and *Electronics Newsweekly*
- [Career and Technical Education](#)

Thomas Register

- A directory of North American manufacturing resources
- Indexed by product, company name, or location.
- From the library's home page, open the "Online Reference Materials" link.
- [Thomas Register](#)

Films on Demand

- Access this site from the library's home page by clicking on either the "Films on Demand" link or the "Online Reference Materials" link.
- Includes +22,000 films, viewable online 24/7 for BTC students
- The **Technical & Trade Education** collection links to the subcategories "Building and Technical Trades" and "Engineering Technology."
- [Films on Demand](#)

Internet Resources

Electricity and Electronics

<http://atschool.eduweb.co.uk/trinity/elec2.html>

Teaching and learning resources on a variety of levels put out by the UK Technology Education Centre.

Electronics Technician's Association

<http://www.eta-sda.com/>

Electronics Tutorials

<http://www.electronics-tutorials.com/>

"Offering free comprehensive basic electronics tutorials in amplifiers, antennas, ham radio, filters, oscillators, power supply, receivers, test equipment, transmitters, radio design and electronics design. Links to data sheets and electronics reference and text books."
