

Flexible Learning Formats at BTC – Fall, 2017

Flexible Learning in a Supportive Environment

BTC Flexible Learning Formats from before 2017

- **Online** - 100% of the content is delivered online. Proctored testing/assessment may be required. Students need regular access to a computer with a high speed Internet connection.
- **Hybrid** - A hybrid course is a course in which the content is delivered in a blend of face-to-face and online. Between 40% and 60% of the content will be delivered online. Students need regular access to a computer with a high speed Internet Connection.
- **ITV** - Courses are offered over the compressed video system in specially equipped classrooms.
- **Hybrid/ITV** - A hybrid/ITV course is a course offered over the compressed video system in specially equipped classrooms in which the content is delivered in a blend of face-to-face and online. Between 40% and 60% of the content will be delivered online. Students need regular access to a computer with a high speed Internet Connection.

FlexLab

- **FlexLab** – This course is taught completely in the lab. Student attendance times are flexible, but must be done at the specified campus during open lab hours.

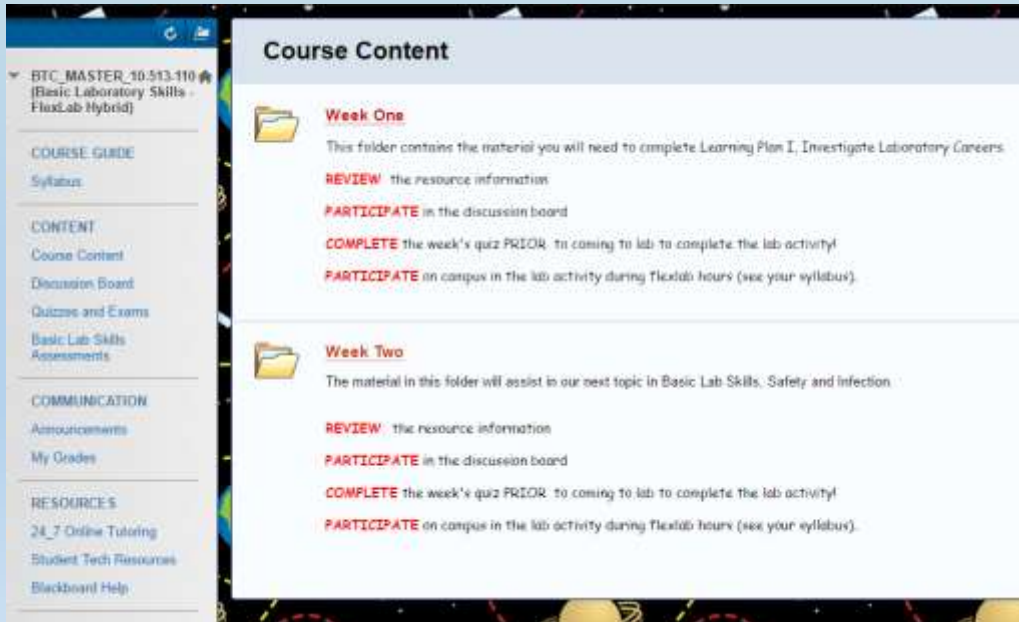

Areas using this format

- *Basic Skills classes*

FlexLab Hybrid

- **FlexLab Hybrid** – Student attendance times are flexible, but must be done at the specified campus during open lab hours. The non-lab instructional content is delivered online.

Programs using this format

- *Welding*
- *Laboratory Food Science Technician*
- *Other programs such as Automotive Technician and Electro-Mechanical Technology are moving to this format for 2018*

MyEdChoice

- **MyEdChoice** – No lab is associated with this format.
- Students can choose from three different ways to attend each week/day of the class.
 - in the classroom at a set class time
 - live during class time using video conferencing
 - online at anytime
- Participation is counted through: 1) comments/activities in the classroom or using video conferencing or 2) through online discussions/online activities.

Programs with courses using this format

- *Business Management*
- *Medical Administrative Coder*
- *Supply Chain Management*

FlexLab MyEdChoice

- **FlexLab MyEdChoice** – Student attendance times are flexible, but must be done at the specified campus during open lab hours.
- Students can choose to receive the non-lab instructional content in the following ways.
 - in the classroom at a set class time
 - live during class time using video conferencing
 - online at anytime

Courses using this format
